School Description

Principal's Message

Monache High School continues to focus on quality educational programs for all students through a wide range of academic and career technical offerings including: Manufacturing, Construction & Technology Academy (MCTA), Environmental Science Academy (ESA), Multimedia and Technology Academy (MTA), Advancement via Individual Determination (AVID), a strong agriculture and fine arts program, certified nursing assistant program (CNA) and a new culinary arts program. In addition to a variety of Honors and AP courses offered, Monache High School also provides students with the opportunity to participate in online classes through the Young Scholar's Program through California State University Dominguez Hills and concurrent enrollment at Porterville College. Monache's programs work to prepare students for secondary opportunities while allowing them real world, hands-on experiences at school.

With the vast offerings, academic and extracurricular, the mission continues to be "to provide students with a dynamic, engaging, and effective educational experience that prepares them with the skills to be productive citizens in a global society." Monache's ESLRs proclaim "Pride in the Tribe," to reinforce the belief that each student is part of a larger, global community, and that "Character Counts," which is exemplified through the ideas of teamwork, responsibility, integrity, balance, and excellence. Monache is confronting the educational, cultural and technological challenges that students will face as they move forward, working hard to create an environment that prepares students in these areas, so they successfully master the Common Core, earn their diploma and move onto College and Career.

Community & School Profile

Located in Porterville, California, Monache first opened in 1967 and has grown to the current enrollment of over 1,800 students, with minimal fluctuation in enrollment and subgroups since 2008. The major subgroups that have been identified are Hispanic/Latino, White, Socioeconomically Disadvantaged, and English Learners. Monache High continues to serve the greater Porterville area and surrounding communities including Terra Bella, Springville, Strathmore, Woodville, and Poplar. As part of the greater Porterville Unified School District, we are one of four comprehensive high schools in our district and one of six high schools in the area. Monache receives students from three middle schools within the district, local unified elementary districts, and local private schools that include: Pleasant View Elementary, Woodville Elementary, Rockford Elementary, Sequoia Middle School, Bartlett Middle School, Pioneer Middle School, Burton School District, and Saint Anne's Catholic School.

According to the 2012 census, Porterville's population is 55,023 people (not including East Porterville's population of 7,331), which continues to climb. Demographically, Porterville is an ethnically diverse area. According to the 2012 census, Porterville's most significant ethnic groups are Hispanic (61%), White (30.7%), Asian (4.7%), Native American (0.6%), African American (0.5%), and Hawaiian/Pacific Islander (0.07%). The median household income is \$37,748, well below the U.S. average. Monache complies with all Federal and State Mandates per education code and district guidelines. Monache High School is a Title 1 School.

During the 2014-2015 school year, 1,748 students were enrolled at the school. Student demographics are displayed in the chart.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (559) 782-7152 or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Porterville Unified School District held a Public Hearing on September 10, 2015 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

School Facility Conditions and Planned Improvements (Most Recent Year)

Monache High School was originally constructed in 1967 and has since undergone complete modernization. The most recent renovations to the campus occurred in 1999-2000, and included the installation of a new security system and HVAC units, new wiring to all existing structures, gutting and renovation of several classrooms, and new roofing on all buildings. The campus is currently comprised of 83 classrooms (including portables), a library/media center, a multimedia/technology center, three computer labs, two staff rooms, a cafeteria, five athletic fields, two gymnasiums, and the main office. The chart displays the results of the most recent school facilities inspection, provided by the district in May 2015.

Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents and the community are very supportive of the educational programs in the Porterville Unified School District. School Site Council, and English Learner Advisory Committee meetings are held quarterly and all parents are welcome to attend. Parent Booster Clubs play an active role in the community and at each school site through fundraising and special activities. Contributions by the many community partners such as, Wal-Mart, Target, and Eagle Mountain Gaming Casino, add to the programs available at Monache High School.

Contact Information

Parents who wish to participate in the school's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (559) 782-7150. The district's website (www.portervilleschools.org) also provides a variety of helpful resources and information for parents, students, staff, and community members.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

The safety of students and staff is a primary concern of Monache High School. Teachers, campus supervisors, and administrators supervise and monitor students on campus before and after school, and during the brunch and lunch breaks. In addition, police officers lend their support on a daily (as needed) basis and probation officers lend their support twice a week. All visitors must sign in at the principal's office and receive proper authorization to be on campus. Visitors are asked by the staff to display their pass at all times. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. All appointment are made with the school secretary.

The School Site Safety Plan was most recently revised in fall 2014 by the Safety Committee. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis; fire drills are held once a semester, earthquake drills are held twice a year, and secure campus drills are conducted once each year.

Professional Development provided for Teachers

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria includes the following:

- Engaging and Supporting all Students in Learning
- Understanding and Organizing Subject Matter for Student Learning
- Assessing Student Learning
- Creating and Maintaining Effective Environments for Student Learning
- Planning Instruction and Designing Learning Experiences for all Students
- Developing as a Professional Educator

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past three years, the district has offered three staff development days.

During this time, teachers are offered a broad-based variety of professional growth opportunities in curriculum, technology, teaching strategies, and methodologies. The school uses the best practices teaching strategies and teachers are trained in the techniques each year. District teams in math and English were developed in the fall semester to prepare for the common core standards and to build common core units. In addition, numerous common core professional development workshops have been given to staff to ease the transition from the California Standards to the new common core standards.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA)

facilitator and/or the Peer Assistance and Review (PAR) program.

Career Technical Education Programs

Monache High School offers a Manufacturing and Construction Technology Academy for students in grades ten through twelve, in addition to the existing Multimedia Technology California Partnership Academy.

The Academies have openings for students with career interests in the respective academy fields of study, offering concentrated curriculum in addition to core academic subject areas.

Tulare County Occupational and Vocational Education (TCOVE) classes are also available. The Work Experience program allows students to earn credit for working and attending classes that teach specific information about the world of work.

The Trades and Industry Department (TID) has made an agreement for a 2+2 program with Porterville College and the College of the Sequoias. With College of the Sequoias, TID offers a program in construction, welding, and drafting. With Porterville College, TID offers a program in building trades, cabinet making, computer-assisted drafting, and engineering drawing.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
