## **Granite Hills High School School**

2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

#### General Information about the School Accountability Report Card (SARC)

## SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <a href="https://www.cde.ca.gov/ta/ac/sa/">https://www.cde.ca.gov/ta/ac/sa/</a>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a>.

## Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a>.

#### 2024-25 School Description and Mission Statement

Principal's Message:

Dear Granite Hills Grizzly Community,

I am humbled and honored to introduce myself as Principal of Granite Hills High School. I can assure you that I share this school community's dedication and passion to ensuring that our students are cared for every day, while also embracing the opportunity, as a collective, to prepare our young people for the challenges of the world beyond our school walls. My leadership

#### 2024-25 School Description and Mission Statement

team and I will continue the great work of fostering a culture of academic achievement, in addition to systems that promote social-emotional growth, equitable opportunities, and the overall well-being of our Grizzly staff and students. It is with great pride and excitement that I am able to serve as a facilitator of learning and support at Granite Hills High School. As a third-generation Portervillian and product of the PUSD school system, I have a tacit understanding of this community and its values. In addition, I am joining the Grizzly team as an educator with nearly a decade and a half of experience serving and learning within diverse communities in three different school districts, both as a teacher and as an administrator. I am eager to continue learning alongside my esteemed colleagues and community partners that support our Granite Hills family. Thank you for welcoming me into the Grizzly family and for allowing me to join each of you in the collective effort of creating opportunities and changing lives. As the great Michelangelo said, "The greater danger for most of us lies not in setting our aim too high and falling short, but in setting our aim too low, and achieving our mark." As we continue to relaunch from an unprecedented global pandemic, I look forward to echoing the message of "Grizzly Pride" and that we must continue to aim high and push through barriers together.

#### School Mission Statement:

The mission of Granite Hills High School is to provide students with a dynamic, engaging, and effective educational experience that prepares them with the skills to be productive citizens in a global society.

Granite Hills High School is committed to excellence; motivating and challenging students through a partnership of school and community. By utilizing technology, teaching a positive work ethic, encouraging a sense of community, and developing individual responsibility, academic growth will be realized as we prepare our students for college and career choices. We are dedicated to maintaining a support structure to assure these outcomes.

#### **Expected Graduate Outcomes:**

As a result, all students will develop and demonstrate:

Critical thinking and problem-solving skills

Cultural awareness and the ability to collaborate with diverse groups

Technical skills in digital media applications and information management

Effective communication skills of listening, speaking, and writing

Creativity and innovation

Leadership, self-management, and organizational skills obtained through real-world applications and community involvement Adaptability, responsibility, and ethical behaviors

The ability to navigate the global world of work and further their education

GHHS Grizzly School-wide Learner Outcomes (PAW)

(P) Preparation for College and Career 21st-century technical skills and applications Creativity and innovation

Effective communication skills in listening, speaking, and writing

(A) Academic Growth and Real-World Application Critical thinking skills and problem-solving Project- and performance-based skillset Analyze and integrate knowledge from multiple sources

(W) Work Ethic, Social Growth, and Accountability Self-management and organizational skills Cultural awareness and respect for others Good attendance and punctuality

#### Community & School Profile:

Porterville, lying along the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. Porterville Unified School District serves over 14,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, three dependent charter schools, one continuation high school, and one alternative site.

Granite Hills High School, established in 1999, serves students in grades nine through twelve on a traditional calendar schedule. The curriculum is based on improving literacy and raising academic expectations, with special emphasis placed on cultural awareness. Our focus on engaging and connecting students with "real world" experiences, along with community awareness, promotes a strong academic and social learning community!

#### 2024-25 School Description and Mission Statement

During the 2023-24 school year, 1,168 students were enrolled at the school. Student demographics are displayed in the chart.

#### 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Porterville Unified School District held a Public Hearing on August 22, 2024 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected regarding textbooks in use during the 2024-2025 school year.

#### **School Facility Conditions and Planned Improvements**

Granite Hills High School was originally constructed in 1999 and is currently comprised of 58 classrooms (including portables), a library/media center, three computer labs, two science labs, two staff rooms, a cafeteria, six athletic fields, two gymnasiums, an Olympic-size swimming pool, the main office, the guidance office, and the career center. Additionally, in 2002-03, construction of a 7,000-seat football/soccer stadium was completed, named for Jacob C. Rankin. In the summer of 2017, a new surface was added to "The Pyramid." The chart displays the most recent school facilities inspection results, provided by the district.

#### Cleaning Process:

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works with two full-time custodians to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

#### **B. Pupil Outcomes**

#### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### **College and Career Ready**

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	21	22	26	27	34	35

#### 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

#### **CAASPP Test Results in Science for All Students**

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### **2023-24 Career Technical Education Programs**

Instructors at Granite Hills High School have directed efforts towards establishing school-to-career structures within each curricular area for all students, including those with special needs. GHHS has three open choice Pathways; Law Justice & Ethics (LJE), Academy of Careers in Education (ACE), and Computer Operations & Development Education (CODE). Students have the opportunity to choose their path and prepare for college and career. By combining demanding career technical training with rigorous academic standards-based teaching, students will graduate college and career ready with a greater advantage of post-secondary learning options, whether college, technical, or workplace. Each pathway prepares students with 21st-century skills, places them in internships, and connects them with industry partners.

#### Courses Offered:

CODE Pathway
Essentials of Computer Science
Computer Science Principles
Computer Science A
Computer Networking

**ACE Pathway** 

#### 2023-24 Career Technical Education Programs

Career Exploration in Education Pathways in Education 1 Pathways in Education 2 Careers in Education Internship

LJE Pathway Legal Practice Strand: Intro to Law & Justice Foundations in Law Civil Law Constitutional Law

LJE Pathway
Public Safety Strand:
Intro to Law & Justice
History of Public Safety
Crime Scene Investigation
Law, Justice, Ethics Capstone

All of the above-listed courses incorporate state-adopted CTE model curriculum standards, meet district graduation requirements, and/or satisfy A-G entrance requirements of the CSU/UC systems. All courses are evaluated through a combination of student projects, testing, and performance/attendance.

The pathways respective advisory boards meet quarterly. The membership consists of local business partners, mentors, PUSD, and GHHS personnel. The advisory boards functions independently from the school and serves as a supporting role, providing an opportunity for business and education to share ideas and create an educational environment designed to prepare students for college and career. This structure inherently produces an increased level of collaboration which helps students meet the demands of a dynamic 21st-century job market. For more information about Career/Technical Education and/ or the District's Regional Occupation Program, please contact Cindy Brown at (559) 793-2406

The GHHS AVID program also prepares students for post-secondary options with a strong A-G requirement of courses and the use of WICOR strategies within the AVID elective and other core classes. AVID students are expected to take notes in each class, maintain an organized binder, participate in tutorials each week, and maintain passing grades in all classes. Students are exposed to college visits, attend college night, and are supported with the completion of college, financial aid, and scholarship applications.

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational programs in the Porterville Unified School District.

Parents and quardians are always welcome on campus and can support their child's learning environment by:

- 1) Monitoring school attendance and academic progress using our school-wide Aeries SIS tracking system
- 2) Attend school-hosted parent orientations, attend Parent Institute for Quality Education (PIQE) and participate in extracurricular activities
- 3) Stay connected and informed by visiting the school website and interacting with ParentSquare via text or phone to communicate with staff on a two-way basis.
- 4) Planning and participating in activities at home that are supportive of classroom activities
- 5) Volunteering at school
- 6) Participating in decision-making processes by attending English Learner Advisory Committee (ELAC) and/or School Site Council (SSC) meetings.

For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary. The district's website (www.portervilleschools.org) also provides a variety of helpful resources and information for parents, students, staff, and community members.

#### 2024-25 School Safety Plan

The safety of students and staff is a primary concern of Granite Hills High School. Teachers and administrators supervise students on campus before and after school and during breaks, while noon-duty supervisors monitor students during the lunch break. All visitors must sign in at the principal's office welcome desk and receive proper authorization to be on campus. Visitors

#### 2024-25 School Safety Plan

are asked by the staff to display their pass at all times. PUSD has also mandated that all district employees wear proper identification badges. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary. All non-PUSD guests must check in with the front desk in the main office to have an ID printed with the Raptor system, which sends their information to the Department of Justice (DOJ) for clearance in a matter of seconds.

The School Site Safety Plan was most recently revised in October of 2024 by the site Safety Committee. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis. In addition to the emergency drills, all PUSD employees have participated in Active Shooter Awareness Training, provided by the Porterville Police Department.

#### 2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

#### **Professional Development**

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers every other year, veteran teachers evaluated every third year or as needed.

Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria includes the following:

- Engaging and Supporting all Students in Learning
- Understanding and Organizing Subject Matter for Student Learning
- Assessing Student Learning
- Creating and Maintaining Effective Environments for Student Learning
- Planning Instruction and Designing Learning Experiences for all Students
- Developing as a Professional Educator

Staff members work in a Professional Learning Committee to build teaching skills and concepts through participating in professional development that focus on improving instruction and assessment. Teacher collaboration time is utilized during common prep and during early release Wednesdays.

During this time, teachers are offered a broad-based variety of professional growth opportunities in curriculum, instruction, and assessments. The school-wide focus will include aligning instruction with CC shifts, Motivating & Inspiring Students, Illuminate, Instructional Rounds, and meeting Progress Adviser instructional goals. PUSD is currently transitioning and fostering change in the areas of Common Core, one to one technology, and Linked Learning.

For additional support in their profession, teachers may enlist the services of the district's Teacher Induction Program (TIP) facilitator and/or the IMPACT program.
