2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Parents/Guardians and Students,

It is my pleasure to welcome you to the 2023-2024 school year. During this summer break, your faculty and staff are preparing diligently. The faculty continues to develop engaging and meaningful projects and performance tasks. In 2022-23, HMA students shined: The National Academy Foundation once again recognized both performing arts and engineering as “Distinguished Academies.” Students also excelled at the Regional MESA competition and received superior ratings for string orchestra and symphony. The Academic Decathlon Team won the Tulare County crown and advanced to the state competition. HMA has continued to provide students with opportunities maintaining our National Blue-Ribbon distinction by being named a national Project Lead the Way distinguished school, California Pivotal Practice award winner, in 2022 and being recognized as a top 10% school nationally by the U.S. News and World Report. I am confident we will rise to the same level of accomplishment this coming school year. The incoming 9th grade class will begin their journey, at Harmony, with the expectation of continued academic excellence “college and career ready.” We are also excited that our students will benefit from a well-rounded experience, which includes a strong activities program. Whether it is clubs, ASB, link crew, or sports at Strathmore High School, we are confident students will find many opportunities to connect to HMA.

Harmony is dedicated to the Link-Learning model of instruction includes the implementation of integrated projects and a systematic hands-on approach connecting students to the curriculum in a meaningful way. This also is the method that allows us to maintain A-G (college) curriculum at a much higher level. History has confirmed that HMA is maintaining fidelity to the model by producing college and career qualified students’ year in and year out. As part of the 12-year graduation summary; 44% of students attended a 4-year college or university; 48% 2-year college; all others chose the military, technical school or employment. The graduating class of 2023 received nearly \$500,000 dollars in scholarship funding.

Harmony Magnet Academy’s success is a result of our campus community working together with parents, advisory boards, and business partners ensuring our students have every opportunity to succeed. We must take the time to celebrate our accomplishments but we must also understand that it is through hard work and continued commitment, that we will achieve consistent success. Additionally, I would also encourage you to become involved by joining the parent Harmony Magnet Academy Foundation, which will be engaged in activities throughout the year in support of student programs. Parents may also enroll in the Parent Institute for Quality Education (PIQE) program this fall gaining a deeper understanding of high school

procedures and college transition. The PIQE program is tentatively set to begin on Tuesday September 12, 2023.

Best Regards,

Jeff Brown

School Mission Statement

The mission of PUSD and Harmony Magnet Academy is to provide students a dynamic, engaging and effective educational experience that prepares students with the skills to be productive citizens in a global society.

Community Profile

Porterville, lying along the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. Porterville Unified School District serves over 14,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, three dependent charter schools, one continuation high school, and one alternative site. In the current year 2020-21, the enrollment is 500.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Porterville Unified School District held a Public Hearing on August 24, 2023 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected regarding textbooks, which have been adopted and those most recently in use during the 2023-2024 school year.

School Facility Conditions and Planned Improvements

Harmony Magnet Academy was originally constructed in 2008 and is currently comprised of 23 classrooms, a multipurpose room/cafeteria, library, staff lounge, and three computer labs. The chart displays the results of the most recent school facilities inspection, provided by the district.

Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district including COVID-19 cleaning standards to keep students and staff safe working from campus. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance and Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	44	54	23	26	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

Instructors and administration at Harmony Magnet Academy have directed efforts towards establishing school-to-career structures within each curricular area for all students, including those with special needs. HMA has two open choice Pathways: Academy of Performing Arts (APA) and the Academy of Engineering (AOE). Students have the opportunity to choose their path and prepare for college and career. By combining demanding career technical training with rigorous academic standards-based curriculum and teaching, students will graduate college and career ready with a greater advantage of post-secondary learning options, whether college, technical or workplace. Each pathway prepares students with 21st century skills, places them in internships, and connects them with industry partners.

Courses Offered:

AOE Pathway

Architectural Design Strand:

Intro to Engineering Design P (PLTW)
Principles of Engineering P
Civil Engineering and Architecture P
Environmental Sustainability P

Engineering Technology Strand:

Intro to Engineering Design P (PLTW)
Digital Electronics P
Computer Science Principles P

Engineering Design Strand:

Intro to Engineering Design P (PLTW)
Computer Integrated Manufacturing P
Engineer Design and Development P

APA Pathway

Design, Visual, and Media Arts-Animation Strand

Graph Design Production Principles P
Motion Graphics P
Advanced Motion Graphics P

Performing Arts-Dance Choreography Strand:

Dance Elements and Interpretation P
Dance Technologies II P
Dance Technologies III P
Dance Technologies IV P

Performing Arts-Professional Music (Orchestra) Strand:

Theatre Performance II P

Theatre Performance III P

Performing Arts-Stage Technology Strand

Theatre Tech P

Theatre Tech II P

Performing Arts Capstone P

All of the above-listed courses incorporate state-adopted CTE model curriculum standards, meet district graduation requirements, and/or satisfy a-g entrance requirements of the CSU/UC systems. All courses are evaluated through a combination of student projects, testing, and performance/attendance.

The pathways respective advisory boards meet monthly. The membership consists of local business partners, mentors, and PUSD and HMA personnel. The advisory boards function independently from the school and serve a supporting role, providing an opportunity for business and education to share ideas and create an educational environment designed to prepare students for college and career. This structure inherently produces an increased level of collaboration which helps students meet the demands of a dynamic 21st century job market. For more information about Career/Technical Education and/or the District's Regional Occupation Program, please contact Cindy Brown at (559) 793-2406.

In the 9th and 10th grade year, students are scheduled as a cohort based on whether they are enrolled in the engineering or performing arts pathway. Each pathway has its own cohort for grade level CTE, math, science, social science, and English classes. This allows for the integration of the academic and technical core subjects. As part of the Linked Learning system, teachers are provided common planning time. The opportunity for faculty to meet as a pathway produces rigorous integrated projects. Teachers at the beginning of the school year, calendar their projects and map out lessons to support integration of projects and student centered instruction. Student summative assessment in CTE is conducted at the end of the year through end-of-course exams from Project Lead the Way and the National Academy Foundation.

Harmony students participate in a four year college and career work-based learning experience. The work-based learning continuum is implemented through the core and technical core curriculum. English teachers assist in resume design, personal statements, and mock interviews in coordination with business partners and advisory board members. All students at HMA, utilize the college and career online platform, Naviance. This program is articulated between English and CTE courses to have students explore career and college choices and scholarship opportunities. All 9th grade students participate in Porterville Unified School District (PUSD) Pathway's Freshmen Ignite to introduce them to their academic and professional goals for the next four years. All 10th grade students participate in the PUSD mentor conference where business partners and advisory board members come together in a workshop format to instruct students in 21st Century employment skills. Students also produce a resume for the conference. All 11th grade students produce a personal statement and narrow college options. They also participate in mock interviews and apply for internships throughout the year. The majority of juniors participate in an internship in the summer prior to their senior year. It is a collaborative effort between CTE teachers, the PUSD Pathways work-based learning coordinators, counselors, site pathway assistant, and our community partners to provide student internships. The goal for internships is that 100% of students participate.

The advisory boards for Academy of Engineering and the Academy of Performing Arts meet monthly and have high attendance records. The membership consists of local business partners, mentors, parents, PUSD and Harmony Magnet Academy personnel. The advisory board functions independently from the school and serves as a supporting role. The advisory board provides an opportunity for business and education to share ideas and create an educational environment designed to prepare students for college and career. Within each board, members serve on a marketing/recruitment, work-based learning, data, or curriculum and instruction committees, which allows for distributive leadership and continued sustainability. This structure inherently produces an increased level of collaboration which helps students meet the demands of a dynamic 21st century job market.

parents full access to their student's grades and information. The HMA Parent Foundation, which supports HMA school programs by providing funding to enhance educational programs. In the past two years, we have had over 80 families graduate from the PIQE program. We also had over 200 parents attend our back to school night in August of 2023. Parents also participate in the Local Control Funding Formula/ School Site Plan for Student Achievement through School Site Council and ELAC meetings at HMA. They have submitted surveys about the value of certain programs (Supplemental and support strategies) affecting spending and program decisions. Parents and the community are very supportive of the educational programs in the Porterville Unified School District.

Parents and guardians are always welcome on campus and can support their student's learning by:

- 1) Monitoring school attendance
- 2) Checking classroom grades and assignment completion weekly through Aeries.net (see the HMA guidance secretary for access)
- 3) Participating in extra-curricular activities
- 4) Monitoring and regulating television viewing and other electronic distractions
- 5) Planning and participating in activities at home that are supportive of classroom activities
- 6) Volunteering at school
- 7) Participating in decision-making processes by attending Parent Foundation meetings

Contact Information

Parents who wish to participate in the school's leadership teams, school committees (SSC & ELAC), school activities, or become a volunteer may contact the main office at (559) 568-0347 or view the HMA website at (<https://harmony.portervilleschools.org/>). The district's website (www.portervilleschools.org) also provides a variety of helpful resources and information for parents, students, staff, and community members.

Parents may also enroll in the Parent Institute for Quality Education (PIQE) program this fall gaining a deeper understanding regarding student options for college and career. These workshops are offered at no cost to parents or guardians. Please contact the HMA front office for the next PIQE offering, (559) 568-0347.

For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary. The district's website (www.portervilleschools.org) also provides a variety of helpful resources and information for parents, students, staff, and community members.

2023-24 School Safety Plan

The safety of students and staff is a primary concern of Harmony Magnet Academy. Teachers and administrators supervise students on campus before and after school and during breaks, while noon-duty supervisors monitor students during the lunch break. All visitors/volunteers must sign in at the principal's office and receive proper authorization to be on campus. Visitors/volunteers are asked by the staff to display their pass at all times. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice.

The School Site Safety Plan was most recently revised on October 17, 2023. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis, fire and other emergency drills are held once a quarter, earthquake drills are held once a year, and secure campus drills are conducted once each semester.

Safety for students also extended into different "Distance Learning Protocols" including but not limited to Wellness checks, Home visits, mental health help lines, and providing PPE, enforcing health and safety protocols in order to bring back students to campus in 2022-23.

Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria includes the following:

- Engaging and Supporting all Students in Learning
- Understanding and Organizing Subject Matter for Student Learning
- Assessing Student Learning / reviewing data
- Creating and Maintaining Effective Environments for Student Learning
- Planning Instruction and Designing Learning Experiences for all Students
- Developing as a Professional Educator

Teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. The school uses the Best Practices teaching strategies and teachers are trained in the techniques each year, weekly PLC and Professional development occur through HMA, PUSD and TCOE.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. Recently this year 2023-24, Porterville Unified School District is involved in an extensive professional development program utilizing every Wednesday with core and CTE teachers to work on cross curricular common core projects. Teachers also have participated in career pathway meetings emphasizing the development of performance tasks and rubrics for common assessment. PUSD and site administration are utilizing a cohesive classroom walk-thru program to give positive feedback to teachers in order to improve instructional practices and promote student learning at a deeper level.

For additional support in their profession, new teachers must complete the Teacher Induction Program and meet regularly with a mentor teacher. Newly credentialed teachers participate in a county Teacher Induction Program (TIP) with a mentor at the county office and with a staff member on campus. All teachers have access to many professional development opportunities through various resources including the County Office of Education and instructional coaches mainly in English and math.

Professional Development

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Induction Program (TIP) facilitator and or the IMPACT program.
