2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

|---|---|
| Admission Requirements for the University of California (UC) | Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ . |
| Admission Requirements for the California State University (CSU) | Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ . |

| <p>Principal's Message</p> <p>Monache High School continues to focus on quality educational programs for all students through a wide range of academic and career technical offerings including: Manufacturing, Construction & Technology Academy (MCTA), Environmental Science Academy (ESA), Multimedia and Technology Academy (MTA), Academy of Hospitality (AH!), Advancement via Individual Determination (AVID), a strong agriculture and fine arts program. In addition to a variety of Honors and AP courses offered, Monache High School also provides students with the opportunity to participate in dual-enrollment courses through Porterville</p> |

2024-25 School Description and Mission Statement

College. Monache’s programs work to prepare students for secondary opportunities while allowing them real world, hands-on experiences at school.

With the vast offerings, academic and extracurricular, the mission continues to be “to provide students with a dynamic, engaging, and effective educational experience that prepares them with the skills to be productive citizens in a global society.” Monache’s ESLRs proclaim “Pride in the Tribe,” to reinforce the belief that each student is part of a larger, global community, and that “Character Counts,” which is exemplified through the ideas of teamwork, responsibility, integrity, balance, and excellence. Monache is confronting the educational, cultural and technological challenges that students will face as they move forward, working hard to create an environment that prepares students in these areas, so they successfully master the Common Core, earn their diploma and move onto College and Career.

School's Mission

The mission of PUSD is to provide students a dynamic, engaging and effective educational experience that prepares them with the skills to be productive citizens in a global society.

Community & School Profile

Porterville, lying along the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. According to the 2012 census, Porterville’s population is 55,023 people (not including East Porterville’s population of 7,331), which continues to climb. Demographically, Porterville is an ethnically diverse area. According to the 2012 census, Porterville’s most significant ethnic groups are Hispanic (61%), White (30.7%), Asian (4.7%), Native American (0.6%), African American (0.5%), and Hawaiian/Pacific Islander (0.07%). The median household income is \$37,748, well below the U.S. average. Porterville Unified School District serves over 14,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, three dependent charter schools, one continuation high school, and one alternative site.

Located in Porterville, California, Monache first opened in 1967 and has grown to the current enrollment of 1,934 students. The major subgroups that have been identified are Hispanic/Latino, White, Socioeconomically Disadvantaged, and English Learners. Monache High continues to serve the greater Porterville area and surrounding communities including Terra Bella, Springville, Strathmore, Woodville, and Poplar. As part of the greater Porterville Unified School District, we are one of four comprehensive high schools in our district and one of six high schools in the area. Monache receives students from three middle schools within the district, local unified elementary districts, and local private schools that include: Pleasant View Elementary, Woodville Elementary, Rockford Elementary, Sequoia Middle School, Bartlett Middle School, Pioneer Middle School, Burton School District, and Saint Anne’s Catholic School.

Monache complies with all Federal and State Mandates per education code and district guidelines. Monache High School is a Title 1 School.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

| Authorization/Assignment | School Number | School Percent | District Number | District Percent | State Number | State Percent |

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Porterville Unified School District held a Public Hearing on August 22, 2024 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected regarding textbooks in use during the 2024-2025 school year.

School Facility Conditions and Planned Improvements

Monache High School was originally constructed in 1967 and has since undergone complete modernization. The most recent renovations to the campus occurred in 1999-2000, and included the installation of a new security system and HVAC units, new wiring to all existing structures, gutting and renovation of several classrooms, and new roofing on all buildings. The campus is currently comprised of 83 classrooms (including portables), a library/media center, a multimedia/technology center, three computer labs, two staff rooms, a cafeteria, five athletic fields, two gymnasiums, and the main office. The chart displays the results of the most recent school facilities inspection, conducted by the district.

Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| Subject | School 2022-23 | School 2023-24 | District 2022-23 | District 2023-24 | State 2022-23 | State 2023-24 |

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Monache High School has four career-themed academies. The Multimedia and Technology Academy (MTA) is both a California Partnership Academy (CPA) and a National Academy Foundation (NAF) Academy. The Manufacturing, Construction and Technology Academy (MCTA) is a CPA and a NAF Academy. . The Environmental Science Academy (ESA) is a NAF Academy. The Academy of Hospitality (AH!) is a NAF Academy. We also offer CTE programs in Agriculture Education and Child Development. The Academies and CTE programs have openings for students with career interests in the respective academy fields of study, offering concentrated curriculum in addition to core academic subject areas. Students in the academies and CTE programs are also offered a full range of work-based learning experiences including guest speakers, field trips, job shadowing, mock-interviews, and internships. Both College and Career Opportunities are emphasized in the academies and CTE programs. Students learn that the pursuit of additional technical or college study offers students the opportunity for advancement.

Courses Offered:

Environmental Science Academy:

- Environmental Science 1 - Intro to Environmental Science

2023-24 Career Technical Education Programs

- Environmental Science 2 - Natural Resources
- Environmental Science 3 - Alternative Energy Resources
- ESA Internship

Academy of Hospitality:

- Principles of Hospitality and Tourism
- Culinary Arts 1
- Culinary Arts 2
- Hospitality 1
- Hospitality 2
- Commercial Foods

Multimedia, Technology Academy:

- Careers in Multimedia
- Graphic Design 1
- Graphic Design 2
- Video Productions 1
- Video Productions 2
- Advanced Media Broadcasting
- Advanced Film Production

Manufacturing, Construction and Technology Academy:

- Exploring Manufacturing/Technology
- Introduction to Manufacturing Drafting/CAD
- Introduction to Manufacturing Wood/Metals
- Manufacturing 2D/3D
- Construction 1
- Advanced Welding
- Project Design and Manufacturing
- Mill Cabinetry
- Trades and Industry Foreman
- Architectural Design I
- Building Remodeling & Repair
- Electronics 1

2024-25 School Safety Plan

The safety of students and staff is a primary concern of Monache High School. Teachers, campus supervisors, CSIS, SOSAs, Teachers and administrators supervise and monitor students on campus before and after school, and during the brunch and lunch breaks. In addition, police officers lend their support on a daily (as needed) basis and probation officers lend their

2024-25 School Safety Plan

support twice a week. All visitors must sign in at the principal’s office, present their identification card and receive proper authorization to be on campus. Visitors are asked by the staff to display their pass at all times. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. All appointments are made with the school secretary.

For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made through the school secretary. All campus visitors are verified through the program RAPTOR.

The School Site Safety Plan was most recently reviewed on November 13, 2024 by the Safety Committee. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis; fire drills are held once a semester, earthquake drills are held twice a year, and secure campus drills are conducted once each year.

Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state’s evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

- Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria include the following:
- Engaging and Supporting all Students in Learning
 - Understanding and Organizing Subject Matter for Student Learning
 - Assessing Student Learning
 - Creating and Maintaining Effective Environments for Student Learning
 - Planning Instruction and Designing Learning Experiences for all Students
 - Developing as a Professional Educator

Staff members work in a Professional Learning Communities to build teaching skills and concepts through participating in professional development that focus on improving instruction and assessment. Teacher collaboration time is utilized during common prep and during early release Wednesdays.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district has offered 4 professional development days for 2024-2025.

During this time, teachers are offered a broad-based variety of professional growth opportunities in curriculum, technology, teaching strategies, and methodologies. The school uses the best practices teaching strategies and teachers are trained in the techniques each year. District teams in math and English were developed in the fall semester to prepare for the common core standards and to build common core units. In addition, numerous common core professional development workshops have been given to staff to ease the transition from the California Standards to the new common core standards.

Professional development has been offered on site by the Technology Media Specialist on integrating technology in the classroom. As an AVID school-wide school our AVID site team has offered professional development throughout the year.

Professional Development

For additional support in their profession, teachers may enlist the services of the district’s instructional coaches. Porterville Unified School District staffs content specific instructional coaches that can be requested by all teachers and administrators.
