2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Principal's Message:

Porterville Military Academy (PMA) is a college and career preparatory school, which challenges students daily in building leadership traits. Shortly upon entering PMA's gates, cadets become part of the wonderful experience of preparing for careers in the fastpaced world of the military, aviation, or in any challenging industry which needs leaders of character. In addition, PMA is a University of California a-g aligned school, which means all students will follow a rigorous curriculum and schedule to facilitate college entry and success. The mission requires everyone's effort to succeed – students, family members, educators, and community stakeholders. Our collective goal is to develop 21st Century leaders who are committed to the values of Leadership by Example, Academic Excellence, Civic Responsibility, and Personal Wellbeing. High expectations are the norm for PMA Cadets.

Our motto, "Leaders Forged Here", summarizes the school's commitment to prepare students for a career of professional excellence and service to their community. Leaders hold themselves to a higher standard, model the attributes they wish to inspire in others, and serve, as well as lead.

PMA cadets build their leadership foundation upon four pillars:

1. Leadership by Example: PMA's "Leadership Laboratory" allows cadets to practice servant leadership and develop in integrity and good moral character.
2. Academic Excellence: Rigorous coursework provides the knowledge and skills necessary to be future leaders. Cadets develop effective time management, organization, teamwork, and perseverance.
3. Civic Responsibility: Community service will hone leadership skills, and make you a connected member of our community. In addition, through civic involvement cadets become informed and responsible citizens.
4. Physical Fitness and Personal Well Being: Cadets are pushed physically and taught to make healthy lifestyle choices. A healthy diet, sufficient rest, and exercise are traits that will serve you now and throughout your lifetime both personally and professionally.

Our Mission:

Porterville Military Academy will provide realistic, applied leadership opportunities in a rigorous academic setting. We will mold civic-minded professionals who are committed to serve others utilizing the guiding principles of the Academy's four pillars: Leadership by Example, Academic Excellence, Civic Responsibility, and Physical & Personal Well being. We will develop tomorrow's business, civic and public service leaders. Upon graduation, PMA cadets will possess the skills, knowledge, and strength of character to enter any institute of higher education, industry or public service and be positioned to make a positive contribution in a dynamic global society.

Community and School Profile:

Porterville Military Academy (PMA) opened on August 8th, 2018 and is the third charter school within the Porterville Unified School District (PUSD). It currently serves grades 7, 8, 9,10, 11 and 12th on a traditional calendar schedule. The Academy is an open choice school serving the greater Porterville area. It is aligned with the California Corps of Cadets for all military instruction.

PMA is located in Porterville directly off Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Porterville Unified School District serves over 14,000 students including Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, three dependent charter schools, one continuation high school, and one alternative site. During the 19-20 school year, 179 students were enrolled at the school.

A. Conditions of Learning

State Priority: Basic

- The SARC provides the following information relevant to the State priority: Basic (Priority 1):
- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
 - Pupils have access to standards-aligned instructional materials; and
 - School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Porterville Unified School District held a Public Hearing on August 22, 2024 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected regarding textbooks in use during the 2024-2025 school year.

School Facility Conditions and Planned Improvements

Porterville Military Academy (PMA) opened on August 8th, 2018 and is the third charter school within the Porterville Unified School District (PUSD).

Cleaning Process:

The school provides a safe and clean environment for students, staff, faculty, and guests. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works with two full time custodians to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

PMA has two CTE Pathways as defined by the California Department of Education. These pathways meet the state's "model curriculum standards" under the Public Services Sector (Leadership Pathway) and the Transportation Sector (Aviation Pathway). All courses under both pathways are a-g aligned. All courses are incorporated into state-adopted CTE model curriculum standards, meet district graduation requirements. All courses are evaluated through a combination of student projects, testing, and performance/attendance.

First, under the Leadership Pathway, California Cadet Corps (CACC) 1, 2, Applied Leadership 300, and 400 are taught by CTE credentialed teachers. The mission of the CACC is to provide California schools and students with a quality educational and leadership development program that prepares students for success in college and the workforce. This mission is support by six core objectives: To develop Leadership, engender Citizenship, encourage Patriotism, foster academic excellence, teach basic Military knowledge and to promote health, fitness, and wellness.

Second, under the Aviation Pathway, Aviation Technology 1 through 4 are taught by CTE credentialed teachers. These aviation courses introduces aviation and engineering career opportunities to students, familiarizes students with the principles of flight, aerodynamics, flight simulator work, project-based learning in aviation, and prepares students for their FAA Part 107 drone operator certification.

The pathways respective advisory boards meet monthly. The membership consists of local business partners, mentors, PUSD and PMA personnel. The advisory boards functions independently from the school and serves as a supporting role, providing

2024-25 Opportunities for Parental Involvement
Parents and the community are very supportive of the educational programs in the Porterville Unified School District.
Parents and guardians are always welcome on campus and can support their child's learning by: 1) Monitoring School attendance 2) Participating in the extra-curricular activities 3) Monitoring and regulating television viewing and other electronic distractions 4) Planning and participating in activities at home that are supportive of classroom activities 5) Volunteering at school 6) Participating in decision-making processes by attending School Sponsored and Cadet events.
Contact Information Parents who wish to participate in the school's leadership teams, committees, school activities, or become a volunteer may contact the main office at (559) 782-7300. The district's website (www.portervilleschools.org) also provides a variety of helpful resources and information for parents, students, staff, and community members. Please contact the school for assistance in signing up for Aeries access as well as Parent Square, which is the primary method of communication with families.
Starting in the school year, parents will have the opportunity to participate in our School Site Council & English Learner Advisory Committee meetings. Continued from the pervious school year, parents are asked to attend our District Local Control Accountability Plan (LCAP) meetings where they participate in updating the District goals. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary.

2024-25 School Safety Plan

The safety of students and staff is a primary concern of Porterville Military Academy teachers and administrators supervise students on campus before and after school and during breaks, while NCO staff monitor students during the lunch break. All visitors / volunteers must sign in at the front desk and receive proper authorization to be on campus. Visitors / volunteers are

2024-25 School Safety Plan

asked by the staff to display their pass at all times. All volunteers are fingerprinted and cleared through the Department of Justice.

PMA has developed a safety plan with the Military staff as the lead. The School Site Safety Plan was most recently reviewed in November 2024 by the Safety Committee and School Site Council. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held once a month, earthquake drills are twice a year, and secure campus drills are conducted once each year.

Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year. Teachers have access to our District Curriculum Coaches and on-site professional development and further coaching as needed.

Evaluations are conducted by site administrators, who have been trained and certified for competence to perform teacher evaluations. Evaluation criteria include the following:

- * Engaging and Supporting all students in learning
- * Understanding and organizing subject matter for student learning
- * Creating and maintaining effective environments for student learning
- * Planning instruction and designing learning experiences for all students
- * ELD 3D training
- * Assessing student learning
- * Developing as a professional educator

Staff members work in a Professional Learning Committee to build teaching skills and concepts through participating in professional development that focus on improving instruction and assessment. Teacher collaboration time is utilized during common prep and during early release Wednesdays. During this time, teachers are offered a broad-based variety of professional growth opportunities in curriculum, instruction, and assessments. School-wide focus will include aligning instruction with CC shifts, Motivating & Inspiring Students, Illuminate, Instructional Rounds and meeting Progress Adviser instructional goals. PUSD is currently transitioning and fostering change in the areas of Common Core, one to one technology and Linked Learning.

For additional support in their profession, teachers may enlist the services of the district's Teacher Induction Program (TIP) facilitator and/or the IMPACT program.
