## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

intellectual, social, emotional and physical growth development of every student. Along with academic excellence, it is equally important to develop and instill positive character traits in our students. We are committed to reinforcing positive behavior with our students and recognize students daily for being Roche Avenue HEROES.

We look forward to working with you, as we make your child's education and safety our highest priorities. If you have any questions, concerns, or suggestions, please visit our school. It would be my pleasure to meet with you.

Judie Bochat

Roche Avenue Elementary, Principal

### School Mission Statement

The community of Roche Avenue School strives to ensure that all students will master grade level standards, achieve academic excellence, and acquire a broad base of knowledge to ensure success in life.

### Community & School Profile

Porterville, at the base of the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. Porterville Unified School District serves over 14,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, three dependent charter schools, one continuation high school, and one alternative site.

Roche Avenue School serves students in grades kindergarten through sixth on a traditional calendar schedule. Curriculum is based on improving literacy, Language Arts and mathematics competency, with special emphasis placed on cultural awareness. Diverse literature selections and various cultural observances promote a climate of tolerance and acceptance among students and faculty.

On October 3, 2025, there were 338 enrolled at Roche Avenue Elementary School.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Porterville Unified School District held a Public Hearing on August 28, 2025 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected regarding textbooks in use during the 2025-2026 school year.

## School Facility Conditions and Planned Improvements

Roche Avenue School was originally constructed in 1919 and modernized in the early 1990s. A kindergarten facility was added to the campus in 2003. During winter 2007, new Kindergarten playground equipment was installed and sidewalks were added between the playground and classrooms in order to increase handicap accessibility. Construction of two new classrooms with attached student bathrooms were completed in 2014. Additional playground equipment was installed in 2014 as well, which includes a rock climbing wall. A new kindergarten playground structure was added in 2019.

The campus is currently comprised of 19 classrooms (including portables), a cafeteria, kindergarten playground, 1st-6th grade playground, and the main office. The chart displays the results of the most recent school facilities inspection provided by the district in July of 2025.

Cleaning Process:

## School Facility Conditions and Planned Improvements

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year, with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works with two full time custodians to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

### Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

##### Parent & Community Involvement

Parents are elected to our School Site Council (SSC) and English Learner Advisory Committee (ELAC), where they participate in needs assessments and decision-making to improve the education of our students. Parents play an active role in the community and at the school site by assisting with special activities, fundraising, and attending parent education/information meetings such as Back to School Night, Fall Festival, Coffee with the Principal, Open House, parent conferences, themed Family Fun Events, and Book Fairs. Parents are encouraged to help in the classrooms with school activities and field trips.

##### Contact Information

Parents who wish to participate in the school's leadership teams, school committees, and school activities or become volunteers may contact the main office at (559) 782-7250. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary. The district's website, [www.portervilleschools.org](http://www.portervilleschools.org), provides various helpful resources and information for parents, students, staff, and community members. Roche Avenue Elementary's website, [www.roche.portervilleschools.org](http://www.roche.portervilleschools.org), contains our school calendar with events and parental involvement opportunities.

## 2025-26 School Safety Plan

The safety of our students and staff are a primary concern at Roche Avenue Elementary School. Supervising our students on campus before and after school, during recesses and in our classrooms is a team responsibility. Our campus is completely fenced and locked for student and staff safety during the school day. Teachers, supervisory and support staff, along with our administrators, enforce a zero tolerance for bullying. Positive Behavioral Interventions and Supports (P.B.I.S.) structures a strong platform for behavioral expectations. Our HERO Card (Honorable, Engaged, Respectful and Outstanding) incentive program promotes consistent reminders to meet those expectations. Bright yellow vests identify our yard and campus supervisors. All visitors must sign in at the front office and receive proper authorization to be on school grounds. Visitors are asked by the school site staff to display their clearance sticker (from Raptor) at all times. For the safety of our students, all volunteers are fingerprinted and cleared through the Department of Justice. Appointments are made with the school secretary for volunteer fingerprinting.

The School Site Safety Plan was most recently reviewed and approved on December 4, 2024, by the School Site Council. Key elements of the plan focus on emergency preparedness. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills are held on a regular basis; fire drills are held once a month, and earthquake and lock down drills are held twice a year.

Anti-bullying and Gender Equity in-services are held with our staff and students twice a year in a comprehensive effort to provide the latest information to help keep our school safe.

## Professional Development

A constructive evaluation process promotes quality instruction and is fundamental to a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and, tenured teachers every other year, veteran teachers are evaluated every third year or as needed.

Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria include the following:

- Engaging and Supporting all Students in Learning
- Understanding and Organizing Subject Matter for Student Learning
- Assessing Student Learning
- Creating and Maintaining Effective Environments for Student Learning
- Planning Instruction and Designing Learning Experiences for all Students
- Developing as a Professional Educator

Staff members work in a Professional Learning Committee to build teaching skills and concepts through participating in professional development that focuses on improving instruction and assessment. Teacher collaboration time is utilized during common prep and during early release Wednesdays.

During this time, teachers are offered a broad-based variety of professional growth opportunities in curriculum, instruction, and assessments. The school-wide focus will include aligning instruction with CC shifts, Motivating & Inspiring Students, Illuminate, Instructional Rounds, and meeting Progress Adviser instructional goals. PUSD is currently transitioning and fostering change in the areas of Common Core, one to one technology, and Linked Learning.

For additional professional support, teachers may enlist the services of the district's Beginning Teacher Induction Program (TIP) facilitator and/or the IMPACT Program.
