About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at (559) 788-0923.

Principal's Message

It is with great enthusiasm and excitement that I offer to everyone a Sequoia Hawk welcome. By attending our school you are beginning an incredible adventure in education. Our staff is working hard to bring our students the latest in computer technology development and also the "Best Educational Practices" in the classroom. We have high expectations and goals for all of our students. We believe that student success is strongly based upon parent support and involvement in the Sequoia community.

I truly hope that everyone has a successful year, as we are committed to providing our students with the very best learning environment possible. I urge everyone to make the most of their Sequoia Middle School experience and seize the opportunity to reach a new level of academic achievement.

School Mission Statement

Sequoia Middle School believes in a holistic philosophy of education that:

- Meets the unique needs of young people at a time when they are going through profound physical, social, and emotional changes.
- Believes in a strong, well-planned instructional program that promotes students academic achievement, self-esteem, and social development.
- Believes that every staff member understands and is responsive to the needs of early adolescence and strives to help set and accomplish goals.
- Believes that parent and members of the community should be actively involved with and support students in academic and extracurricular activities.
- Believes that students need to take an active and responsible role in all aspects of their education and preparation for their future.

Community & School Profile

Porterville, lying along the foothills of the Sierras, is located on State Highway 65, 165 miles north of Los Angeles, and 171 miles east of the Pacific Coast. Centrally located to major markets, the city has strategic access to major transportation routes. Porterville Unified School District serves more than 13,000 students throughout the community, as well as the town of Strathmore. The district is comprised of ten elementary schools, three middle schools, four comprehensive high schools, one magnet academy, one continuation high school, and two alternative sites.

Sequoia Middle School serves students in grades seven and eight on a traditional calendar schedule. Curriculum is based on improving literacy and mathematical comprehension, with special emphasis placed on cultural awareness. Diverse literature selections and various cultural observances promote a climate of tolerance and acceptance among students and faculty.

During the 2012-2013 school year, 505 students were enrolled at the school. Student demographics are displayed in the chart.

Opportunities for Parental Involvement

Parents and guardians have the right and should be given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed. Sequoia Middle School has a parental involvement policy and school compact.

Parents and guardians can support their child’s learning environment by:

- Monitoring school attendance
- Participating in extracurricular activities
- Monitoring and regulating television viewing
- Planning and participating in activities at home that are supportive of classroom activities
- Volunteering at school
- Participating in decision-making processes by attending School Site Council meetings

Contact Information

Parents who wish to participate in the school’s leadership teams, school committees, school activities, or become a volunteer may contact the main office at (559) 788-0923. The district’s website (www.porterville.k12.ca.us) also provides a variety of helpful resources and information for parents, students, staff, and community members.

Suspensions Rate	11.96	11.83	7.97
Expulsions Rate	1.03	0.14	0.17

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The safety of students and staff is a primary concern of Sequoia Middle School. Teachers and administrators supervise students on campus before and after school. During lunch and recesses, counselors, administrators, and class assistants monitor students. All visitors must sign in at the principal's office and receive proper authorization to be on campus. Visitors are asked by the staff to display their pass at all times. Additionally, all volunteers who may have opportunity to be alone with students are requested to pass fingerprinting through the Porterville Unified School District Office through the Department of Justice.

The School Site Safety Plan was most recently revised in Fall 2012 by the Safety Committee. Key elements of the plan focus on general safety and security, before- and after-school supervision, visitor check-in, and emergency drills. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency drills are held on a regular basis; fire, earthquake, and lockdown drills are held once a month on a rotating basis.

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: 09/27/2013

Sequoia Middle School is currently comprised of 27 classrooms (including portables), a library, a computer lab, a staff room, a multi-purpose room/cafe/tertia, three athletic fields, and the main office. The school's first year of operation was 2006-07, with construction of the new campus completed in 2006. The chart displays the results of the most recent school facilities inspection, provided by the district in September 2013.

Cleaning Process

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the school's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the district to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated annually and tenured teachers are evaluated every other year.

Evaluations are conducted by site administrators, who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria includes the following:

- Engaging and Supporting all Students in Learning
- Understanding and Organizing Subject Matter for Student Learning
- Assessing Student Learning
- Creating and Maintaining Effective Environments for Student Learning
- Planning Instruction and Designing Learning Experiences for all Students
- Developing as a Professional Educator

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. For the past three years, the district has offered two staff development days.

During this time, teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies. The school uses the Best Practices teaching strategies and teachers are trained in the techniques each year. Additionally, site administrators coordinate with department lead teachers to utilize meeting times effectively covering common core curriculum, vertical and horizontal curricular alignment, and safety/procedures training.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) facilitator and/or the Peer Assistance and Review (PAR) program.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

In addition to general state funding, Porterville Unified School District received state and federal categorical funding for the following support programs:

- Title I, Basic Grant
- Title II, Teacher Quality & Technology
- Title III, Limited English Proficiency

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: December 2011

Porterville Unified School District held a Public Hearing on September 6, 2011 and determined that each school has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The chart below displays data collected in December 2011, regarding textbooks in use during the 2011-12 school year.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
